

GULF OF GUINEA: PIRACY – Best Management Practices (BMP) - UPDATE

Following our circular on piracy in the Gulf of Guinea of 30 October 2019 we can now advise that a new maritime security guidance is available for West Africa. This is a new addition to existing BMP versions already available which provides guidance on counter measures against piracy and armed robbery at sea. The BMP West Africa version is specifically targeting those who are operating their ships in West African waters, including the Gulf of Guinea.

The BMP West Africa can be accessed at:
